

The Michael G. Belz Foundation offers H.O.P.E. to brain tumor/brain cancer patients, caregivers and their families to live and celebrate life! 

Read what some of the Michael G. Belz Foundation H.O.P.E. Grant recipients told us gave them H.O.P.E.!

"This grant will give me hope that I will survive financially. I will be able to take care of my family and I will be able to help celebrate their lives with them!"

~Joyce

"I've just been placed on hospice. I would love a balloon ride because I want to know what it's going to be like to fly in heaven. My mom can't afford to do much for me except treatments so this will allow us to do something together with me, her and my sister. I would love to finally do something fun with my family."

~Amber

4th Annual Michael G. Belz Foundation Golf Outing

**Saturday, July 20, 2013
Valleaire Golf Course**

Established in 2009, the Michael G. Belz Foundation (MGBF) is comprised of family who actively volunteers their time to carry out the foundation's mission of **H.O.P.E.**

The MGBF has assisted 9 families since the formation of the H.O.P.E. Grant !

While providing support, awareness opportunities and resources, MGBF offers assistance to brain tumor/brain cancer patients while sharing healing and **H.O.P.E.!**
